

JUDGE HOLT DIES
AT THE CAPITAL.ADVOCATE GENERAL OF THE
ARMY PASSES AWAY.

Senate and House as far from an Agreement as Ever on the Tariff Question—Opinions Divided as to Whether an Agreement Will Be Reached.

WASHINGTON, July 1.—Judge Joseph L. Holt, judge advocate general of the regular army died today. The democratic members of the tariff conference committee did not accomplish anything at their first meeting yesterday. Chairman Voorhees, of the senate conferees, and Chairman Wilson of the house conferees were both absent on account of illness. Senator Jones was also absent. The meeting was purely informal and very brief, and when it adjourned it was understood that the conferees would get together again for the purpose of renewing the efforts to come to an understanding.

So far as can be learned the two parties are as far apart as ever in the conference committee. If the senators stand firm a few days longer the house managers will have to back down because of lack of support in their own body.

There is no doubt of the fact that sugar remains the principal point in dispute. The Louisiana senators, it is known, would accept a flat rate of 45 cents ad valorem on all sugars, provided they could have the bounty till Jan. 1. But the bounty provision will meet with certain opposition among some of the democrats in the senate. It might be carried, however, by the assistance of Allen and Kyle and possibly Peffer. It is believed an attempt may be made to make an entirely new combination on sugar, ignoring one or two votes, like those of Vilas and Palmer, and making up for the defection by Allen and Kyle.

The general sentiment now is that the conferees will reach some sort of an agreement within the next forty-eight hours, and the battle will again be transferred from the smaller body to the senate. The house having asked for the conference the report of the committee and the bill itself remains in the hands of the senate, and this body must take the first action. This is an important point, as bearing on the final disposition of the tariff bill for any compromise agreed upon in the conference must first be submitted to the senate before the house has any opportunity to vote upon it. The house can only ratify or decline to agree to the amended bill when it is sent over from the senate. Hence the house conferees have only to fear the instructions of the house or the direct meddling of the caucus. Their purpose evidently is to persuade the senators to accept the responsibility of preventing tariff legislation, and thus prevent the tariff bill getting back to the house at all. If they do not succeed in this the senate bill will be the law of the land, provided President Cleveland is willing.

Senator Jones of Arkansas in an interview said: "There is absolutely no truth in the report that the senate conferees are weakening on the vital points of the tariff. We are no nearer an agreement than heretofore, and so far as I am concerned, we are ready to report to our respective houses a disagreement at once."

House Bankruptcy Bill Reported.
WASHINGTON, Aug. 1.—Senator George, from the committee on the judiciary, yesterday reported the house bankruptcy bill from that committee. As reported the bill is almost a new measure and much extended. It retains only parts of the first and second sections of the house or Bailey bill, and adds fifteen new sections, which are devoted largely to details concerning the administration of the law.

Southern Pacific Suit Not Dismissed.
WASHINGTON, Aug. 1.—Attorney-General Olney has not directed United States District Attorney Denis at Los Angeles, Cal., to dismiss the suit recently brought by him against the Southern Pacific railway company, nor, so far as can be learned, has he decided what action if any will be taken. The attorney-general declined to talk upon the subject for publication.

Wants National Banks Abolished.
WASHINGTON, Aug. 1.—Representative Boen of Minnesota has introduced a bill to abolish national banks. He would make it unlawful to charter a bank or provide additional currency for those already chartered, and directs the secretary of the treasury to withdraw all deposits of public money from the banks and return them to the treasury.

House Stands by the Thistle.
WASHINGTON, Aug. 1.—Much of the time of the house was spent yesterday discussing the senate amendment to the agricultural bill appropriating \$1,000,000 for the destruction of the Russian thistle in the northwestern states. The house instructed the conferees, 176 to 52, further to insist on its disagreement to this amendment.

Senator Voorhees Improving.
WASHINGTON, Aug. 1.—Reports from Senator Voorhees to-day are that he is better than yesterday, having rested well last night.

GOV. RICH RENOMINATED.

Michigan Republican State Convention Names Its Ticket.

GRAND RAPIDS, Mich., Aug. 1.—Gov. Rich is at the head of the republican state ticket. The Pingree faction made no demonstration in the convention. His forces were in consultation last night, and it is possible an independent ticket will be named, with Pingree at its head. A new convention to be held here or in Lansing is proposed, but the movement has not yet come to a head.

The roll call of counties was all one way for Rich and the only applause was when Kent cast fifty-three votes for Rich. Rich and Bliss were both brought in and made graceful speeches, the latter pledging his warm support to the ticket. The other nominations were made without incident, the Rich slate going through.

The complete ticket is as follows: For governor, John T. Rich; lieutenant-governor, Alfred Milnes of Branch county; secretary of state, the Rev. Washington Gardner of Jackson; treasurer, James M. Wilkinson of Marquette; auditor-general, Fred A. Maynard of Kent; land commissioner, William A. French of Presque Isle; superintendent of public instruction, H. R. Pattengill of Ingham; member board of education, Perry F. Powers of Wexford.

The resolutions approve the administration of Gov. Rich, declare in favor of a protective tariff and reciprocity, favor the establishment of boards of arbitration, and think immigration should be properly restricted and regulated. On the money question they say: "We believe in the use of gold and silver as money metals to be maintained in circulation on a perfect equality and interconvertibility. We believe that permanent prosperity will not be assured or justice done until silver takes its place side by side with gold as one of the two great money metals of the world."

A minority report was presented on resolutions favoring the free coinage of American gold and silver at a ratio of 16 to 1 and it was warmly debated, but the more conservative majority report was adopted.

United States Senator James McMillan was chosen by acclamation to serve another term as chairman of the state central committee.

Upon the vote for governor the Pingree men carried out their plan as outlined—they declined to vote. The result of the vote was announced: Rich, 72; Bliss, 98; "Mr. Blank," 121. Of the votes for "Mr. Blank" 106 were from Wayne county (Detroit), the others being scattered among various counties. There was no considerable contest over the remainder of the ticket.

RAID ON A CUTHRINE BANK.

One of the Robber Gang and a Citizen of the Town Shot.

CUTHRINE, Ok., Aug. 1.—Another bank robbery, with all the trimmings of a Dalton raid, was enacted yesterday. As a result one citizen, J. M. Mitchell, a barber, is dead and one of the outlaws, who gives his name as Ernest Lucas, is dying. Lucas is 21 years of age and said his comrades were the members of the notorious Cook gang that has recently given Territory officials so much trouble. Before any money could be secured the citizens rallied and drove the bandits out of town. The names of the escaped robbers are given as Bill and Tom Cook, leaders of the gang, Jack Starr and Tulen Jack and number among them the most desperate in the territory.

Senator Butler After Blood.

CHARLESTON, S. C., Aug. 1.—After the campaign meeting at Union yesterday Gov. Tillman and Senator Butler met on the train going to Spartanburg and a wordy altercation ensued concerning the premature publication of an article on the dispensary question to which reference had been made by the governor in his speech. But when Senator Butler followed an attempt was made by Tillman's supporters to howl him down. On the train Senator Butler called the governor a liar and challenged him to fight. Friends parted them, but trouble may occur at any time.

Killed by an Explosion.

CHICAGO, Aug. 1.—An explosion occurred in a building occupied by the Western Electric company at the stone quarries of Doles & Shepard, half a mile east of Hawthorne, at 11 o'clock yesterday morning, in which three men were killed and three injured. The explosion was the result of experiments that were being made with a new and powerful explosive known as "Ruddite," but how it occurred can not be told.

Rain in Many Parts of Kansas.

TOPEKA, Kan., Aug. 1.—Late yesterday afternoon advices were received at the offices of the Atchison, Topeka & Santa Fe railroad company that a heavy rain was falling in the territory between Hutchinson and Larned. It extended eastward as far as Topeka. No rain is reported in the northwestern part of the state along the Rock Island road.

Three Killed in a Boiler Explosion.

WINNIPEG, Man., Aug. 1.—A shocking accident occurred on the Canadian Pacific at Field station last night, resulting in three deaths. The boiler of a freight locomotive burst, blowing the engine into atoms, and instantly killing Engineer Wheatley and Fireman Hunt. A brakeman, George Kemp, was fatally injured by flying fragments and has since died.

WRECK NEAR LIMA
BARELY AVERTED.OHIO STRIKERS TRY TO DERAIL
A PASSENGER.

Freight Coming Along Ahead Struck the Barrier—Eight Companies of Militia Relieved From Duty in Pullman—Only Four Are Now Left On the Ground.

LIMA, O., August 1.—A south bound freight, preceding a passenger on the Hamilton & Dayton, struck an obstruction north of here this morning. The work was that of strikers, and it was evidently intended to wreck the passenger.

CHICAGO, Aug. 1.—As a result of a conference between Mayor Hopkins, Adj.-Gen. Grendorff and Mr. Wickes, Gov. Altgeld ordered a portion of the troops withdrawn from the Calumet district, leaving at Pullman a force strong enough to prevent an attack of any kind being made upon the palace car works.

After the conference Mayor Hopkins advised Gov. Altgeld to withdraw part of the militia from Pullman. His suggestion was contained in the following telegram to the governor:

"I would suggest that you withdraw eight of the twelve companies of militia of the First regiment of the Pullman district."

Later a dispatch was received from Springfield saying the governor had issued an order relieving eight companies of the First regiment from duty.

The officials spent most of the morning in a conference with the mayor, which the latter described as follows: "Vice-President Wickes stated to us that the reports received by the company from Pullman showed everything is quiet there and no evidence of impending trouble could be detected on the surface. As to the intentions of the company he said they intended to open a portion of the works at least in a few days, and owing to the property of the Illinois Central and Michigan Central roads, as well as other property in the district, it was decided a portion of the troops at least be retained. Mr. Wickes agreed with us there was no use in keeping all of the troops there at the present stage, and it was finally agreed by all of us that a portion of the troops should be called in at once. Mr. Wickes evinced no desire to meet any committee of employees but said they would not attempt to bring in outside men to take the place of the strikers. Their plan is simply to wait for the old men to return to work and when a sufficient force is secured in this way to open as much of the plant as is possible."

Striking Butchers Reinforced.
CHICAGO, Aug. 1.—Striking butchers at the stock yards are jubilant over the fact that the Omaha butchers have gone out and promised not to return until the demands of the Chicago butchers are satisfied. The Omaha strike was organized and engineered from the local unions here. All the large packing firms claim to be undisturbed at the situation. Col. Moulton said last night he had official notice that his command would not be ordered in until after Aug. 2, when the American Railway Union meeting will be held.

Miners Killed in a Fight.
PITTSBURG, Kan., Aug. 1.—Yesterday a row occurred at a mining camp named Yale, about seven miles east of this city on the Missouri Pacific, in a joint run by a negro named Tom Dosh. A report has just reached here that Dosh and five other men were killed and seven or eight men and as many women were wounded.

Striker's Wife Shot Dead.
PHILLIPSBURG, Pa., Aug. 1.—Jennie Jones, wife of a striking coal miner, was killed yesterday by a shot fired by James Myers, a deputy sheriff. Immediately after the shooting Myers fled into the mine. It will be difficult to save him from death at the hands of the enraged strikers.

Will Allow No Parade.
CHICAGO, Aug. 1.—Mayor Hopkins has refused to grant a permit to the American Railway Union and other labor organizations to parade the streets to-morrow in honor of the return of Debs.

MUST NOT LEAVE TRAINS.
Striking Engineer of a Mail Train Gully of Retarding the Mail.

ST. PAUL, Minn., Aug. 1.—An engineer who abandons a mail train is guilty of a violation of the United States statute relating to retarding of the mails. Judge Williams announced the fact yesterday in ruling upon the indictment against Engineer William Best and Fireman Albert Kellett. He directed an acquittal of the men on the charge of conspiracy to do an unlawful act because of the failure of proof, but he clearly stated that he thought them guilty of the charge of retarding the mail in deserting their train on a main line.

Gathering at Des Moines.
DES MOINES, Iowa, Aug. 1.—Quite a number of delegates to the democratic state convention, which meets to-day, arrived in the city yesterday, and have been quietly canvassing the situation. They are close-mouthed, however, and do not talk convention much except in a joking manner. From present appearances scarcely more than half of the 1,125 delegates will be present.

WAR WAS DECLARED
BY JAPAN AT NOONOFFICIAL NOTICE IS SENT TO
THE POWERS.

Sinking of the Battleship Chen Yuen By the Mikado's Fleet Raises An Important Question—Two Large Cruisers Captured Or Destroyed—Chineses Are Outgeneraled.

LONDON, Aug. 1.—The Japanese ministry at 2 o'clock this afternoon informed the British government that Japan declared war on China at noon today. A naval battle was fought yesterday between the Chinese and Japanese fleets. The Japanese sank the Chinese battleship Chen-Yuen, and two large cruisers, supposed to be the vessels built for China by the Armstrongs, were captured or destroyed by the Japanese.

The Chen-Yuen was a battleship of 7,400 tons displacement, carry 14½ inches compound armor at the water-line. Her battery included four 12-inch guns, protected by an armored breast work and two smaller Krupps. She was

also furnished with eleven Hotchkiss cannon and tubes for Whitehead torpedoes. In addition, the Chen-Yuen had two 8½-inch and 6-inch Krupps in her main battery and a secondary battery of Hotchkiss revolving cannon. The Chen-Yuen was built for China at the Stettin works; she was a sister ship of the Ting-Yuen and was the most powerful warship in the Chinese navy with the exception of the Ting-Yuen.

SHANGHAI, Aug. 1.—News has been received here of a desperate battle between the fleets of China and Japan, in which the Chinese were defeated and the Chen-Yuen, the largest battleship but one in the Chinese service, was sunk, and two other large Chinese vessels, said to be first-class cruisers, were captured or destroyed. The battle was hotly contested, but the Japanese appear to have handled their guns, ships and torpedoes with more skill than the Chinese. The Chinese fleet engaged carried nearly 1,000 men, and a large proportion of them are reported to have been killed or drowned.

Later dispatches say that few if any of the Chinese engaged in the battle escaped. Two German officers in com-

mand of the Chen-Yuen are reported to have met death with the crew of that vessel.

HOPE TO RESTORE THE QUEEN.
Hawaiian Royalist Commission On the Way to Washington

PITTSBURG, Pa., Aug. 1.—The Hawaiian royalist commission, comprised of John A. Cummings, Samuel Parker and Judge Weiderman, ex-cabinet officers of the royalist administration, passed through Pittsburgh yesterday, on their way to Washington in the interest of Queen Liliuokalani. Judge Weiderman was the only member of the party up when the train arrived. In an interview he said: "We want to bring about an adjustment of affairs at the Hawaiian Islands. Queen Liliuokalani abdicated under protest and is waiting for his answer. We are on our way to Washington to receive it from President Cleveland. On July 4 the government adopted a constitution and proclaimed a republic. They wanted to send the queen away, as she does not represent the present government. We are anxious to have the queen restored and believe we will be successful in our mission."

Obstructed the Mails.
SPRINGFIELD, Ill., Aug. 1.—The following United States prisoners were brought in to-day by Chief Deputy United States Marshal Westfall and Deputy Durroughs, from Bluffs, and lodged in jail charged with obstructing the operation of United States mails: Harry Richards, John Sullivan, Frank Fessom, Charles H. Patton, Mark Barlow and Robert Stoffer.

FIRE SUFFERERS IN NEED.

Miss Wells, a Music Teacher, Thought to Be Dead—Rain Comes.

PRENTICE, Wis., Aug. 1.—Sickness is increasing among the sufferers of the fires. The heat has been so oppressive that most of the people who have been working night and day since the fire are exhausted and have succumbed. Nearly all of the people have returned to the town and the need of lumber to build shacks is pressing. It is reported that Miss Wells, a music teacher, is missing. It was thought she went north at the time of the fire, but nothing has been heard from her since and it is feared she may be among the dead. The fires at Emery and along the Elk road have all been extinguished.

Rain is falling throughout this section and all danger from the forest fires has passed. Gangs of men were kept busy to the south of here and at Brantwood and Clifford on the Soo railroad fighting fires. A fire a half a mile from Prentice was discovered last night, but the rain which is falling has put out all of the fires.

MARSHFIELD, Wis., Aug. 1.—Heavy showers of rain have put to rest all fears of further damage by forest fires. This is the first rain since the middle of June.

DAMAGE BY A CLOUDBURST.
Four Feet of Water Near Hills, Minn., and a Terrific Hailstorm.

HILLS, Minn., Aug. 1.—The territory west of here near the Dakota line was visited by a terrific cloudburst Tuesday night. Water stood four feet on the level and did great damage to grain in the shock. The cloudburst was followed by a heavy hailstorm, which thrashed out the wheat in the shock and cut down hundreds of acres of corn. Hail lay in windrows eight inches deep. The damage by hail and water is enormous. Lightning struck a barn belonging to James Fitzgerald, living six miles east of here. The barn, thirty tons of hay, 500 bushels of wheat, 200 bushels of corn, and all his farm machinery were burned. Near Granite Falls, J. H. Longmaid's barn was struck by lightning and burned with 250 tons of hay, 500 bushels of barley, and 200 fleeces of wool.

Heavy Gold Purchases at Denver.
DENVER, Colo., Aug. 1.—The July statement of the United States mint in this city surpasses all previous records. With two days left out, yesterday and Monday, good for at least \$75,000, the month's gold purchases foot up \$738,565, compared with \$216,057 for July, 1893. This shows a gain of \$522,502, or 242 per cent.

Harrison to Open the Campaign.
INDIANAPOLIS, Ind., Aug. 1.—The republican campaign in Indiana will open Sept. 5 in Indianapolis with Gen. Harrison as the first speaker. Ex-Speaker T. B. Reed and Gov. McKinley will assist, both men being down to speak at several points in the state.

Widespread Rain in Nebraska.
OMAHA, Neb., Aug. 1.—Another general rain visited this state yesterday. Showers fell from Omaha to Wahoo and Linwood and from Blair as far as Sioux City; also north from Omaha to Oakdale, Verdigris, and Albion. The southern and western parts of the state report light rains.

Drouth Broken in Iowa.
CEDAR RAPIDS, Iowa, Aug. 1.—The drouth was broken in this section by heavy rain yesterday morning.

INDEPENDENCE, Iowa, Aug. 1.—The drouth was broken in nearly all parts of the county yesterday by copious showers. Corn will be benefited but will not register a full crop.

Two Men Killed by Giant Powder.
SONORA, Cal., Aug. 1.—The explosion of thirty-five pounds of giant powder in the Golden Gate mine yesterday caused the death of Lafayette Carr and John Mangram, two experienced miners, who had been sent to the 400-foot level to do some blasting.

For a Treaty of Arbitration.
LONDON, Aug. 1.—It is said the arbitration party in the house of commons believes the government favors and that the prospects are hopeful for the adoption of a twenty-five years' treaty of arbitration between the United States and Great Britain.

Waseca Barn Blown Up.
WASECA, Minn., Aug. 1.—Late last night some anarchist blew up a barn belonging to the Grant house. The building was demolished. That lives were not lost is a miracle, as the barn is on the street where many people pass.

East Chicago Strikers Give In.
HAMMOND, Ind., Aug. 1.—By a unanimous vote East Chicago Branch, No. 169, American Railway Union, decided to call the strike off on the Chicago and Calumet Terminal railway, and there is every assurance that all the old men will be given their old places by the company.

Cholera Spreading in Many Places.
ALARMING REPORTS FROM UNITED STATES OFFICERS.

Plague Is Gaining Ground in Russia, Finland, Galicia, Germany, The Netherlands, Belgium and France.

Precautions at the United States Sea Ports Will Be Doubled.

WASHINGTON, Aug. 1.—Reports to the marine hospital say that the cholera is spreading to an alarming extent in St. Petersburg, Finland, Galicia, Germany, the Netherlands, Belgium and around Marseilles. Precautions against the landing of cholera patients in the United States will be doubled.

EVERY ONE A SOLDIER.
Scheme of Gov. Curtis for a National Militia.

WASHINGTON, Aug. 1.—The increasing importance of the militia for quelling internal disturbance and its potential strength in case of threatened war have led Gen. Curtis of New York, who is an enthusiast upon military matters, to embody his plans for a national militia organization in a bill. The bill has received the sanction of the house committee on militia, and, although probably it will not secure a hearing this session, may be called up next session. Gen. Curtis proposes that the militia shall consist of every able-bodied male citizen between the ages of 18 and 45. The organization would be made to conform as closely as possible to that of the regular army. The national guard, according to the plan, could be called into action by the President, or by an act of congress, while only an act of congress could call out the reserve militia. The national guard or reserve militia, when in service, would be subject to the same rules and articles of war as the regular troops of the United States and would be entitled to the same pay and allowances. For the maintenance of the militia organizations the plan contemplates an annual appropriation of \$400,000, to be apportioned among the states and territories, and to be disbursed for arms, ordnance, stores and equipments under the direction of the secretary of war, no state being entitled to a share unless it has enlisted and uniformed at least 100 men for each senator and representative in congress to which it is entitled.

Catholic Missions Not Injured.
SAN FRANCISCO, Cal., Aug. 1.—Reports from Hong Kong show that there is unrest in both north and south China and that the outlook for foreign missionaries is bad. The anti-missionary disturbances were reported from Kiang-Yon on the Yangtze-Kiang but a far more serious affair occurred at Shek Lung, near Tung-Kun, on the Pearl river, June 20. In this instance the American Presbyterian church which was demolished by the mob and one Christian, whether a foreigner or a native has not yet been ascertained, was killed. The Roman Catholic church was well guarded by Chinese soldiers and it is a fact worthy of notice that here, as at Kiang-Yon, the Catholic missionary escaped while the Protestant brethren suffered heavily.

Chilean Warship Sent to Callao.
VALPARAISO, Aug. 1.—The warship Capt. Pratt has been ordered to Callao to protect endangered Chilean interests. This government is rushing troops to the Peruvian frontier, asserting that it will preserve strict neutrality. It is reported that Gen. Pierola is active. It is believed that he intends to move in conjunction with Solare in the south, whence the troops have been moved.

Strike Commission Meets.
WASHINGTON, Aug. 1.—The railroad strike investigation commission met to-day at the bureau of labor, Messrs. Wright, Kernan and Worthington all being present. This was the first meeting of the commission and was for the purpose of arranging the preliminaries to its investigation of the strike ordered by the American Railway Union and of outlining the scope of the investigation.

Crop Failure in Colorado.
DENVER, Colo., Aug. 1.—Special dispatches to the News from six counties in eastern Colorado, along the Kansas and Nebraska lines, report that, owing to the hot hot winds the crops will be a total failure. Many farmers are leaving in search of employment and many more would go if they could get away. Great suffering and hardships will surely result, as the crop was very light last year.

Town of Brownston Burning.
VANDALIA, Ill., Aug. 1.—News was received here at 5 o'clock last evening that the little town of Brownston, in the eastern part of this county, was burning. Particulars have not been received. The fire is in the business portion and will in all probability sweep everything before it, as all the buildings are of wood and the town has no appliances for fighting fire.

THE GAZETTE SUED BY EVANGELISTS.

AT LEAST A SUIT IS IN THE AIR.

In a Few Days Brother Welch and Brother Devlery Will Make a Legal Attack On the Best Friend They Have in Town, the Great Moral Daily.

A libel suit against the Gazette is the latest.

Evangelist Welch didn't sleep last night. Some depraved youths mistook the meaning of his command: "Whatever your hand findeth to do do with your might." The things nearest to hand were the guy ropes, and six of them were cut before the evangelist realized how his lesson was being perverted. He got out from under the tent and hurried to the C. & N. W. depot for additional police protection. The hoodlums scattered.

Annoyance over the rope-cutting must have [soured the milk of human kindness in the exhorter's breast. Under no other circumstances could he have taken exception to The Gazette's kindly and sympathetic comments on his work. At no time has the paper expressed anything but sincere admiration for Messrs. Welch and Devlery. This admiration they have fully merited. Any men who can come into a fairly enlightened town in the last decade of the nineteenth century and get \$25 a whack for removing devils are entitled to vast respect. Such men are rare. There have been but one or two since Cotton Mather's time, and The Gazette, not wishing Janesville to remain blind to the merits of her distinguished visitors has taken occasion to recount their achievements from time to time.

And to think we should be misunderstood!

Evangelist Welch and Evangelist Devlery entered The Gazette this morning full of wrath. They wanted was the name of "the man who wrote that article!" Evangelist Welch is nearly six feet high, and he put his whole 190 pounds into a declaration that somebody would rue this day. Suit was to be begun at once, and a particularly vicious suit it would be.

While he is getting out the summons and complaint, Mr. Welch may be interested in this suggestion from a local pastor:

EDITOR GAZETTE: The long suffering patience of our community is evidently nearing its limit, and in the interest of common decency it is to be hoped that the hint so broadly given in "Observer's" letter in your issue of yesterday, may persuade the howling dervishes on Wall street to seek a more congenial clime, say Central Africa for instance.

There are no words strong enough, Mr. Editor, to express the intense disgust felt by the people of our city towards those irresponsible impostors. I believe it is only our inherent dislike of even appearing to curtail liberty of speech and action that prevented more forcible expression of opinion. They have well employed the ample time at their disposal to reach the end of their rope. Why should they longer be tolerated? Why should they longer be allowed to continue to nauseate the whole respectable part of our community by the blatant bellowing with which they insult the very acme of religions, and cast contempt upon all that we deem sacred, holy and precious as our lives?

So long as they confine themselves to the propagation of their own peculiar tenets (if they have any) let them have all liberty; but if they persist in outraging sacred things, they can only be classed as nuisances, and dangerous to the public welfare. Then let them be treated as nuisances, carried away—dumped.

PORTER WOMAN SWALLOWS A PIN.

Mrs. Hugh Roberty Meets With a Peculiar Mishap—James Ford Recovers Slowly.

PORTER, July 31.—Mrs. Hugh Roberty accidentally swallowed a common pin last Sunday. It lodged in her throat, requiring medical aid to extricate it. Mrs. J. H. Nichols is quite ill of cholera morbus. Dr. Lord is attending her. Thomas Stearns attended a basket social in Stoutland last Saturday night. The tobacco crop does not look very promising in this locality at present, owing to the dry weather. Corn is also very much in need of rain. The Latter Day Saints baptized one convert in Gibbs lake on Sunday. Ed. Delaney, depot agent at Milwaukee, spent Sunday in this locality. James Ford is not recovering from the injuries inflicted by a mower, as rapidly as his friends would wish.

Miss Maggie Lawler, of Larchwood Iowa, is visiting at the home of her grandmother here. Farrington Bros. have commenced their circuit of threshing, and are meeting with good success. The ladies T. A. Society held their annual picnic at Gibbs lake on Tuesday, August 7. The ladies' band, of Albion, will furnish music; two distinguished speakers will address the people, and a very interesting programme has been arranged, for which see large posters. Bring your dinner and spend the day with us.

CROPS ARE SLOWLY PARCHING

Farmers in All Parts of the State Suffer From the Drouth.

Reports from all parts of the state show that the weather has been decidedly unfavorable for growing crops. No rain except light showers in eastern section on the 26th with temperature ranging from 90 to 102 degrees. These conditions are causing great damage to corn and potatoes, especially to the northern and western portions, where those products will be partial, and in some counties a total failure, unless rain soon comes. In the eastern counties corn is still in fair condition, but even in that favored section the crop is greatly in need of rain.

Potatoes are suffering severely in all sections, and in some the crop will be a failure, being too far gone to be benefited by the rain. The outlook for this staple is not encouraging.

Small grain is about all harvested. Wheat, rye and barley were secured in excellent condition and a good yield is generally reported. Oats are light having been ripened too rapidly, though some fields in favored localities are turning out a good crop.

Tobacco is doing well except the late planted which will be a partial failure.

Cranberries are suffering from drouth and hotsun.

SHE MET A HORRIBLE DEATH

Girl Pours Kerosene on Herself and Then Sets It Afire.

A frightful tragedy occurred about two miles west of Brodhead last night or late last afternoon. One of the Lynn girls, who had been a little indisposed for some time, deliberately poured kerosene oil over her clothes and set fire to them. When discovered she stood in the middle of the room with her hands uplifted as though in astonishment at the flames that had already burned her clothes nearly off of her. When ordered by one of the railroad section hands, who was the first to see her, to come to him, she obeyed, and he threw a bed quilt over her, smothering the little fire that was left. She was horribly burned, there being not a single inch of cuticle left that would not come off at a touch of a finger, and every particle of hair was burned off her head and body. When asked if she suffered any she answered, "yes, but it will kill me." She lived about an hour and a half after being burned, and was conscious all the time.

Knights of Pythias From this State Confer With Railroad Officials.

Adj. Gen. Frank Barry of the uniform rank, Knights of Pythias, left for Chicago yesterday to confer with the officials of the western rail roads regarding the request that the Western Passenger association change the dates of sale of excursion tickets to the Pythian conclave at Washington from August 23 and 24 to August 24 to 25. As matters stand at present, if the railway companies insist on selling tickets for the Pythian conclave at reduced rates on August 23 and 24, the excursionists from Wisconsin will be compelled to start several days earlier than is necessary in order to obviate the difficulty. Mr. Barry went to Chicago to induce the railway companies to make the desired change in the date of the sale of the tickets.

POINTS ON THE COUNTY FAIR.

The special prizes for the fair are showing up in store windows.

CHAUNCEY MILTIMORE offers an Elgin gold watch for the best draft team.

BOOKS now open for entries and selection of space. All merchants should exhibit.

The dining hall is for rent. There is money in it for some church or party of ladies.

Boys and girls must have tickets to get in the fair free on Wednesday. Tickets may be had of teachers.

D. W. KOLLE has a beauty of a gold watch in his window that goes to some young lady of Rock county.

New rooms for the vegetables and grain department are being built to make more room in the main hall for pictures.

A LOUNGE costing \$18 is shown at Ashcraft's window. It goes to the woman exhibiting the best lemon pie at the fair.

The largest pumpkin at the fair this year wins twenty dollars' worth of Putnam Brothers' furniture for somebody.

At Burnham's jewelry store is a beautiful baton that goes to some drum major and a fine snare drum for the best drummer.

Miss E. L. WILLIAMS has engaged a large space at the fair this fall, and the Wisconsin Carriage Top Company wants sixty feet.

It is expected that the children of the school for the blind will make a display. The orchestra from the school has been invited to play.

A. F. HALL & Co. show a gold watch, Elgin movement, that goes to the most popular farmer of Rock county. Wheelock has a full set of dishes, and Frank Back a suit of clothes for the farmer who has the largest family of his own at the fair.

Scotch Picnic in Milwaukee. Round trip excursion tickets to Milwaukee, at a fare and a third, July 31 and August 1, good to return until August 2, by the Chicago, Milwaukee & St. Paul Railway, on account of the Scotch picnic.

BOUGHT THE BONDS AT \$825 PREMIUM.

J. A. CAMPBELL OF CHICAGO PAYS 1-2 PER CENT. BONUS.

Three Bids Received, Two Being From Janesville Banks—Mayor Thoroughgood's Course Saved the City at Least \$500—Work On the School Building Will Begin Soon.

J. G. Campbell of Chicago, bought Janesville's \$55,000 issue of school bonds last night. He paid 1 1/2 per cent. premium on \$825, and paid \$500 to bind the bargain. There were but two other bidders, the Rock county and the First National banks of this city. Mr. Campbell's premium is considered very fair in view of all the circumstances. It is a considerable reduction from the Illinois Trust & Savings bank's bid, which was \$2,700 on \$52,000 worth of bonds, but is more than many supposed would be offered. Mayor Thoroughgood's course saved the city at least \$500 and put matters in good shape.

The board of education will now take immediate steps to push the proposed building as fast as possible. A telegram was sent to Architect Holbrook, of Milwaukee, as soon as the bonds were negotiated to come to Janesville at once. Some changes are to be made in the plans, when the building will be commenced as soon as contracts are let.

THRESHING OUTFIT IS IN ASHES

Fire at the Hyde Farm Destroys the Carr Brothers New Machine.

Messrs. John Carr & Sons are pretty blue today over their loss by fire of the new Nichols & Shepard self feed separator and stacker which was burned at 5 o'clock Monday afternoon on the Hyde farm. The machine was running and suddenly fire, which originated from a hot box, was discovered near the feed table, and in a jiffy the separator and a big straw pile and parts of three stacks of rye were a sheet of flames. Ed. Carr was managing the steam engine and Silas Carr was tending the thrasher, and as soon as the fire was seen Ed. ran the portable engine up to the separator in hopes of getting it away from the stacks, but was driven away by the flames. In the meantime Silas tried to detach the stacker but his efforts were fruitless, and he was badly burned on his face and hands. The loss to the Carrs is \$1,000, upon which there is no insurance. James Bennett runs the Hyde farm, and his and Mr. Hyde's loss will be about \$200.

CRISP BITS OF STATE CHATTER.

SMOKE from the northern forest fires tainted the air at Berlin Saturday and Sunday.

ANOTHER large raft of pulp wood—4,500 cords—has arrived at Cress for the mills in and around Appleton.

MISS PEARL ROOT, of Appleton, was burned about the arms and shoulders while handling a defective gasoline stove.

R. M. Dow and G. W. Fox, students at the state university, are enjoying a horseback outing. On Monday they were at Marinette, en route to the northern peninsula.

HOBSES at Menasha are afflicted with an unknown disease. The symptoms are a sudden refusal to take food a very high temperature and death resulting very speedily.

ADAM ANDRE of Beloit, reported to The Free Press the remarkable flight of a kite. From the date of the newspapers of which it started from Danville, Ill., Friday morning, in which case it must have traveled a distance of 200 miles. There was about 300 feet of string attached to the kite.

Caught a Glass-Shell'd Crab.

Bottled crab is the latest reward of patient fishing on the water front. George Hildebrand, a young fisherman, hauled one up from the bottom of the bay, and it is now in the possession of some scientific longshoremen, who are puzzled as much over it as they are about the phantom ship Flying Dutchman. The fisherman dropped his hooknet off the end of Meigs' wharf. The tide carried the net down the bay as far as the short rope would allow it, and in hauling it up it dragged along the bottom. The reward of the haul was an ordinary pint flask, and the disgusted fisherman was about to throw it back into the water when something moving inside it caught his eye. Mud had settled in the bottle, and when it had been washed out he found it contained a crab about the size of an ordinary porker chip, and when its claws were stretched out it reached across the widest part of the flask. The crab had fattened and was apparently in a healthy condition.—Chicago Times

JOHN R. HODSON AN OLD RESIDENT

Lived in Janesville For Years and Was Prominent in Public Affairs.

John R. Hodson, who died in Chicago yesterday morning was once a resident of Janesville. In fact he was among the early comers here. Way back in the forties his father, the late William Hodson, owned and operated a brewery located on the site of the present shops of the New Doty Manufacturing Co. Later John R. went to Chicago, and became a member of the Chicago board of trade being engaged in the commission business. During the war he returned to Janesville and operated an extensive distillery, located on North Main street. This he continued until 1869, when he returned to Chicago to resume the commission business. At one time Mr. Hodson was chief of the fire department, and while a resident of Janesville was ever active in agitating improvements and forcing the city to the front.

Mr. Hodson enjoyed the distinction of having bought a membership in the Chicago Board of Trade for five dollars. Among the members of the board he was very popular. He was of pleasant disposition, and made friends fast and kept them. Among the Masonic fraternity he always stood high. For years he had been the senior member of the arbitration committee of the Board of Trade. To-day's Inter Ocean says:

"Mr. Hodson was born in Upwell Fen, Isle of Ely, Cambridgeshire, England. He came to Chicago in 1853, and immediately identified himself with the board of trade. He was one of that body's most respected members early in his career he earned the sobriquet of Honest John Hodson. Mr. Hodson was a Mason of high degree. He was a member of Landmark Lodge, St. Bernard Commandery, and an honorary member of the Garden City Lodge. As a Mason he was well known as a business man. It was his special delight to attend initiatory meetings, and he was extremely popular with all the new members admitted to the lodges of which he was always a leading spirit. Mr. Hodson married Mrs. Frederick Tibbitt in 1854. The wife, with their four children, survive him. They are Mrs. Thomas Watson, Mrs. F. E. Hoynes, and William and Mortimer Hodson.

"The funeral arrangements have not yet been made, but it is certain that the obsequies will be conducted according to masonic rites."

MANY VETERANS LEFT HOMELESS

Commander Viney Receives an Appeal From G. A. R. Headquarters, Milwaukee.

Commander Charles Viney will call the attention of W. H. Sargent Post at its next meeting to the distress in northern Wisconsin. He has received from Department Commander Watrous this appeal:

"Among the needy in Phillips are many of our old army associates. After consultation with several members of the order, I have decided to appeal to the members of all the posts in the state to contribute something in aid of those rendered homeless, and in hundreds of instances penniless, by the great forest fires. There is not a post in the state but can contribute something.

"The help is needed at once. I hope the commanders and adjutants of posts will meet as soon as this appeal reaches them and send a money contribution to S. H. Tallmadge, Assistant Adjutant General, Room 67, Colby & Abbott Building, Milwaukee, Wis., who will immediately return a receipt therefor. If clothing is sent, direct to B. W. Davis, Phillips, Wis. A small sum from each of our 270 posts will be of great service to impoverished, suffering soldiers and their families in and about Phillips. I am sure that the posts, at their next meeting, will promptly approve of the action of post commanders and adjutants in sending the money without waiting for a meeting of the post to make appropriation. This is no time for technicalities. The department has already sent a money contribution to the needy people of Phillips. Let the posts do the same, trusting that the necessary legislation will be gladly given when the legislative body meets."

LAWN SOCIAL PROVED A SUCCESS

Pretty Sight Was the Winslow Lawn With Young Ladies in Charge.

A bit of Old Vienna seemed to have sprung up around Mr. and Mrs. C. T. Winslow's residence last evening Japanese lanterns filled the air with a soft glow and there was music from mandolins and guitars. Cream, ices, sherberts and cake were served at little tables on the lawn, the tables being beautified by bunches of sweet peas. The music was by the Mandolin club, reinforced by several new members, and the young ladies who cared for the guests were Mrs. H. D. Hoover, Mrs. Thomas Taylor, and Misses Alice Heimstreet, Josephine Carle, Marie Ruger, Alice Ruger, Eva Bostwick, Racine Bostwick, Celia Ott, Mary Richardson and Mabel Jackson. Many others assisted by furnishing supplies and the proceeds of the social go to Christ church.

INMAN BADLY HURT IN A PLANING MILL

FOREHEAD LAID OPEN BY A PIECE OF WOOD.

While Putting On a Belt He Was Struck Over the Eye—An Ugly Gash Shows the Spot—Half an Inch Lower and One Eye Would Be Gone.

Employees of the Inman & Bollard planing mill were startled at 5 o'clock last evening when they saw Ray Inman, senior member of the firm tumble backwards to the floor, motionless. They all rushed to his assistance, and found him insensible, with a great gash cut over his left eye. They quickly carried him to the office, where restoratives were applied and he was soon revived. Dr. E. F. Woods dressed the wound and found several stitches necessary to hold the ugly cut.

Mr. Inman was putting a belt on a pulley, using a stick. The end of the stick caught on the rim of the revolving pulley, and was driven back with all the power of the shaft, striking him on the forehead, directly on the eye brow, laying the brow open. A flap of bloody flesh dropped down, covering his eye. Had the stick struck him a trifle lower his left eye would have been forced from the socket. The wound is a painful one, and will confine Mr. Inman to his home for several days.

"Ah, well," remarked Hardup, cheerfully, as he threw a pile of unopened bills into the waste basket, and touched the office boy for a cigarette, "at least I never borrow trouble."

"Don't you find it very uncomfortable to fast 30 days?" said the visitor to a man who was doing the act in a dime museum. "Well," replied the freak, "I don't mind telling you confidentially that I can stand fasting 30 days pretty well, so long as I can get a square meal every night."

On the Safe Side.

Everybody knows that it is a good place to be, but everybody does not take measures to be there. An efficient preventative "lives up" on the safe side of incipient disease, and there is no one more reliable than Hostetter's Stomach Bitters in cases where the kidneys are inactive, which is but the preliminary to various destructive maladies, which disregarded have a fatal termination. Bright's disease, diabetes, dropsy, oedema, are but the outgrowths of neglected action of the kidneys and bladder. They should be checked at the outset with the Bitters, which will prevent their progress by arousing the renal organs to activity, and thus place those who resort to this saving medicine on the safe side. This preservative of safety also conquers constipation, liver complaint, malarial fever, nervousness and dyspepsia.

HARPER'S HISTORY OF THE WAR

Harper's Pictorial History is universally recognized as the best history of the war yet published. This superb work has never been sold for less than \$16 to \$30. It has been sold only by subscription and but a very few men have been able to buy it.

The pages are the same size as Harper's Weekly and the work contains all the illustrations appearing in that great paper during the war. The work was edited by Richard Grant White and Henry M. Alden and is authentic, complete and reliable.

We have made arrangements whereby we can furnish Gazette subscribers with this splendid history of twenty-six parts at ten cents a part. These twenty-six parts will contain over one thousand war pictures and will make two handsome volumes when bound.

Many official documents of priceless historic value are quoted in full in the copious foot notes, such for instance as Lincoln's inauguration speeches, articles of federation of the early states, constitution of the United States, ordinance of secession, and many important papers, speeches, etc. The war story is consecutive and very fascinating. The introductory chapters, leading up to the struggle, and the chapter on the reconstruction period, are by some of the first writers of the age.

It will astonish you how quick Johnson's Magic Oil will kill a pain. Sold at Smith's pharmacy; 25 and 50 cent.

LIVING PICTURES.

A New Mode of Entertainment Now All the Rage

The craze for "living pictures" which has broken out all over the country originated in England about a year ago, although we have had tableaux vivants a number of years. The production of these "pictures" may be in the line of genuine art or the reverse. While the artistic production, in this manner, of subjects of domestic character is not without points of merit (and some of them are really beautiful,) it can not be denied that the greatest attraction in pictures of this kind is the opportunity presented for the display of the "human form divine" in attitudes more or less suggestive. This may or may not be objectionable, according to the taste and opinion of the beholder. Certain it is that the effect produced is often one of startling realism and great beauty. Upon seeing these productions one is inclined to wonder how it is possible to produce the radical changes in such quick succession. And, indeed, it is a work of considerable magnitude.

Each figure group is set upon a different frame, and during the presentation of one before the audience the others are in different stages of completion. These frames are run upon railway tracks, and each consists of three sides of a triangle, upon each one of which is a group. The frame revolves upon a pivot, thus bringing each of the groups successively into view of the audience.—Leslie's Weekly.

Study of Faces.

Frank Leslie's newspaper has lately been publishing a series of sketches on the subject of "Face Study." Madame Segond-Webber was the subject of the following sketch, which appeared in a recent issue:

A very great amount of patient persistence and continuity of will power is expressed in this countenance. The mind is clear in its perceptions, and its intuitive insights are keen and penetrating. The broad element of stability is lacking, but the lack is largely compensated for by the persistence already mentioned. Individuality, expressed by the nose, is very strong. Capacity for continuous thought lies upon the eyebrows, and below the eyes is readiness in speech and love of admiration and of praise. The mouth is indicative of a warm ap-

precitative temperament and of senses keenly sensitive to impression, capable of expanding to enthusiasm, but also, by virtue of the strong jaw, capable of resistance. The will is strong, but obstinate in nature rather than forcible. The whole is feminine, sensitive, and often flexible, but also capable of set resolution and on the whole difficult to control.

The Busy Bee.
Bee comb, or "beeswax," the material of which the honey cells in the beehives are composed, is a wax produced by a system of chemistry carried on in the "wax pockets" which are located in the abdomen of all working bees. It is a peculiar substance and is said to be analogous to the fats of higher animals. Originally it was supposed that this wax was taken up in almost pure state from the flowers by the bees, but recent experiment carried on by the leading botanists and chemists of the world conclusively proves that the bee is capable of elaborating his peculiar wax, although confined to a diet purely saccharine in its nature.

Want Cheap Rents.

The tenement house instinct seems strong even in the suburbs of New York, and a land owner who built a few graceful little cottages to rent at \$20 a month, after having them lie empty on his hands, saw one of them sublet by a tenant on the tenement house plan. Neighboring high-shouldered structures, easily divided into suites of small apartments, rented promptly. The public taste was not for the graceful cottage, but for the cheapest place of shelter.

English Firemen Admired.

English firemen were greatly admired at the international congress held at Antwerp. The Belgians and the foreign delegates warmly praised the smart condition of men, horses and engines, while the firemen were most enthusiastically cheered for the steadiness of their march past at the parade.

Ulm Minister.

The highest cathedral tower in the world—that of Ulm Minister—can at last be seen in its full beauty. Although finished and reopened some years ago, the tower has been hidden by scaffolding until now, the last portion having just been removed.

Wood Paper Is Durable.

What is claimed to be the first book made of ground wood paper was placed in the Berlin testing office for examination recently. It is said to be in good condition despite the fact that it was printed in 1852.

MOTHERS

and those soon to become mothers, should know that Doctor Pierce's Favorite Prescription robs childbirth of its tortures, terrors and dangers to both mother and child, by aiding nature in preparing the system for parturition. Thereby "labor" and the period of confinement are greatly shortened. It also promotes the secretion of an abundance of nourishment for the child.

Mrs. DORA A. GUTHRIE, of Oakley, Overton Co., Tenn., writes: "When I began taking your 'Favorite Prescription,' I was not able to stand on my feet without suffering almost death. Now I do all my housework, washing, cooking, sewing and everything for my family of eight. I am stouter now than I have been in six years. Your 'Favorite Prescription' is the best to take before confinement, or at least it proved so with me. I never suffered as little with any of my children as I did with my last, and she is the healthiest we've got. Have induced several to try 'Favorite Prescription,' and it has proved good for them."

Is given to every lady in this city and vicinity to see the cooking exhibit now being conducted at our store, by the representatives of the Majestic Manufacturing Company, on their great Steel and Malleable Iron Range

"Majestic".

The prudent wife is interested always in the economies of the household, and in whatever tends to lessen labor. With a Majestic in the kitchen, fully one-half of the fuel is saved, no food is wasted, no repairs are needed, the greatest abundance of hot water is supplied, and the kitchen, instead of being an annoyance, is made the pleasure of the household. Come and have the Majestic shown you whether you wish one or not.

BIG PICNIC A. O. H. WAS A LIVELY ONE

MUSIC GAMES AND RACES UP THE RIVER.

Freight Engine off the Track—Dogs Without Muzzles to Be Killed By Beloit Officers—A Novelty in White Duck Trousers—Rock County Populists Meet Next Saturday.

THE Ancient Order of Hibernians picnic drew crowds of people up the river this afternoon. The programme previously published was carried out. The committee of arrangements gave a complimentary dinner at the Myers house today in honor of their invited guests, they being Hon. M. V. Gannon and wife of Chicago, John Beegan and son, Chicago, James Duffy, Darlington, James T. Touhey, the Irish piper of Milwaukee, Mayor Thoroughgood and members of the common council and representatives of the city press. Rev. Father Collins and Condon were also seated at the tables. After dinner, the guests were seated in carriages, and were driven to Columbia hall, where they joined in procession with the order and marched to the steamboat landing, the Bower City band leading the column and furnishing music.

YOUNG Peoples' Rectory club of Trinity church will give a lawn social at the residence of Mr. and Mrs. N. P. Bump, Madison avenue, Thursday evening, August 2. Various booths will be distributed about the grounds where ice cream and cake. Russian and Japanese teas, French candies, watermelon and root beer will be served. Don't fail to have your fortune told by the pretty gypsy girls.

Now is the best time to go and see land in Clark county, for sale by the C. S. Graves Land Co. The present price will be the lowest for which it will ever be offered. Why rent a farm or pay a high price for it when you can buy of this company at only \$7.50 per acre, easy terms.

M. G. JEFFERIS, of this city, represented the National Union of Wisconsin at the senate in Chattanooga. The initiation fee was reduced to two dollars and the charter fee from one hundred dollars to fifty dollars. Mr. Jeffris was made chairman of the committee on laws.

MISS LIZZIE MORRISSEY of St. Paul, who has been visiting her sisters, Mrs. John M. Nelson and Miss Ella Morrissey, for several days, left this morning on her long journey across the Atlantic ocean, and to Paris. Miss Morrissey will be absent a month or six weeks.

JAMES T. TOUHEY of Milwaukee, the Irish piper, rode in John Sweet's Irish jaunting car during the Hibernian parade this afternoon, playing his pipes as the procession moved along the streets. He was dressed in the Irish costume of "ye olden time."

W. F. PALMER and family leaves the city today for several weeks absence. Mrs. Palmer and children will enjoy the lake breezes at Racine with friends, while Mr. Palmer goes to eastern cities in the interest of the Parker Pen Co.

MAYOR SMITH of Beloit, has issued a proclamation enforcing the muzzling ordinance. As the police are directed to kill unmuzzled dogs after August 2, owners of canines are hastening to get bird cages and base ball masks for their pets.

CAPTAIN ROGERS of the Beloit Rifles, has gone to Camp Douglas to get a little rifle practice and writes one of his officers that the air is so dense with smoke, from the burning woods, that the targets cannot be seen a 1,000 feet distance.

THE engine of the Janesville freight ran off the track in the St. Paul company's yard in Beloit yesterday, and came within an ace of tipping over. It was "put on its feet" again in the afternoon.

NO DIVORCE GIVEN TO LOUIS HOWARD

TESTIMONY ABOUT BEING CLUBBED DIDN'T AVAIL.

Wife Said that Instead of Chasing Her Husband Around the Yard With a Chair She Was Really the Injured Party—C. G. Wixom Has to Pay Costs.

Lewis Howard's testimony was not strong enough to lead Judge Bennett to grant a judgment of divorce. Mrs. Howard disproved all the charges and allegations, and convinced the court that she had been a dutiful wife, and that she had been the victim, if any one, of cruel and inhuman treatment. The case was concluded this morning. There were a large number of Evansville people in attendance this morning and they heard some disgusting bits of neighborhood scandal.

It cost C. W. Wixom, of Fulton, just \$5.38 to try proving Andrew Algrem, of the same town, guilty of using abusive language. Wixom swore out a warrant for the arrest of Algrem, and Algrem was brought into the municipal court; but Judge Phelps discharged him, telling Wixom he had failed to prove his case.

"I find however," said the judge, "that in such cases as this the court can render judgment against the plaintiff for the costs, and I find accordingly, rendering judgment against you for \$5.38, being the costs in this case."

BALL GAME CALLED AT 3:30 SHARP Manager McGinley Says His Men Will Put Up a Good Game.

The game of ball at Athletic park to-morrow afternoon, between the Athletics and the Milwaukee team, will be called at 3:30 o'clock. The indications point to a large attendance. The home club is very thankful to the business men of the city for their liberal purchase of tickets in advance, thus enabling the home club to put up the guarantee fund.

"We do not expect to win the game against such a strong club as the Milwaukee," said Manager McGinley this morning. "But one thing is certain, the Athletics will make the Milwaukee play ball, and they will realize before the game is ended that they have got to play in order to win."

PLATE GLASS WINDOW BROKEN. E. J. Kent's Men Were Cutting It Down and It Snapped.

A large plate glass window which E. J. Kent was trimming for a window in the Palmer block, West Milwaukee street, this morning, broke in two, destroying the whole plate. The glass was an extra large one, and being a few inches longer than was necessary, the workmen endeavored to cut it with the above result.

New Cook at the Park.

Mrs. Archie Galbraith went to Chicago recently and engaged one of the finest cooks for the Park ever in the city. There is no dish but this cook is capable of preparing. The meals that are set forth at the Park show clearly that the cook is second to none, and the people are fast finding out, as every day the register shows an increase in patronage. Everything used is the best, even to the butter. No butterine is ever put on the table, and has not been since Mrs. Galbraith took hold of the Park. She believes in having the best on the table, and adhered to that rule while in charge of the Galbraith hotel. Butterine is an unknown article at the Park.

To-Night And to-morrow forenoon you can find some rare bargains in shoes at Lloyd & Son's. They will save you twenty-five per cent, and give good goods; 57 West Milwaukee street.

Subterfuge, Deceit and Lying. Addressing a diocesan convention at Smyrna, Del., recently Bishop Coleman said: "If I were to tell you one-half of what I know—actually know—of the covetous, miserly and yet prodigal way in which some people conduct themselves—covetous and miserly in behalf of the church, prodigal, as to the expenses in their own behalf—you would give me credit for great self-restraint in what you might deem my most caustic words upon this theme. The laity can have but an imperfect idea of the amount of subterfuge, deceit and downright lying practiced by many of their number in excusing themselves from devoting a just share of their means, be they great or small, to even the primary work of their several parishes."

BUT SEVEN BURIALS IN JULY.

City Has Been Remarkably Healthy During the Last Month.

The July mortality report of Oak Hill cemetery association shows seven interments from the city during the month.

"It shows the remarkable healthy condition of our city," said Secretary Barrows this morning when he was transcribing the report.

There has been no epidemic disease, and for a season of such hot and dry weather, the death list is remarkably light. The list of interments as reported by Sexton Scott is as follows:

July 5.—Mrs. Sarah Bay, Janesville, aged 82 years.
July 7.—C. L. Morris, Janesville, aged 48 years.
July 12.—Lulu B. Heddies, Janesville, aged 11 years.
July 20.—Mrs. Mary E. Fenner, Kansas City, 67 years.
July 21.—Frank Maine, Janesville, aged 23 years.
July 24.—George Hinkley, Janesville, aged months.
July 31.—Clara E. Felter, Janesville, aged 11 years.
July 31.—Infant daughter of N. B. Dudley, Janesville.

Free Lunch, Good Music and the Best Steel Range at Lowell's.

In honor of its growing business The Lowell Hardware Co., which is first in all things, has prepared a sort of a banquet for the people in general. This company sell the famous Garland Steel Range, a range that has no superior on earth and stands probably without an equal. A Garland range is in full operation at Lowell's. G. A. Shurtleff, an expert caterer and baker is in charge. Smith's celebrated orchestra furnishes the music, and after one eats fine biscuits, drinks delicious coffee and listens to sweet music, the fine qualities of this range is explained. Everything is free, everybody is invited to eat, drink, buy a range and be merry.

A HEAVY BATTER.

Hasamaear of the Washingtons Is a Hard Hitter.

William Louis Hasamaear of the Washington club of the National league and American association was born July 26, 1864, at St. Louis, Mo., and it was in his native city that he first learned to play ball. It was while playing with one of the amateur teams of St. Louis that his first work, both at the bat and in the field, attracted the attention of Manager Comiskey of the then famous St. Louis Browns, champions of the American association, and Comiskey engaged him for the season of 1887. Hasamaear began that season with the Browns, but as there was no place on the team to play him regularly, and as the Kansas City club of the Western league wanted him he was released to the latter club, and finished out the season on its team as a right fielder, and ranked second in the official fielding averages of the Western league for that year. He also ranked well up in the official batting averages of that organization. He remained with the Kansas City club during the season of 1888, when that club was a member of the American association. In 1889 Hasamaear joined the Waco club of the Texas league, playing first base on its team that season, and ranked fourth in the official fielding averages of the Texas league. In 1890 he migrated to the Pacific slope, and joined the Portland club of the Pacific Northwest league, playing second base on its team, and ranked first in the official fielding averages, and third in the official batting averages of the Pacific Northwest league. He remained on the Pacific slope during the seasons of 1891 and 1892, playing with clubs of the California league. In 1893 he joined the Montgomery club of the Southern league, and it was his excellent all around work that attracted the attention of Manager Schmelz, who was then in charge of the Chattanooga club of the Southern league, and he engaged him for this year's Washington club of the National league and American association, as soon as Schmelz was given full charge of the latter team. Hasamaear is a hard and reliable batsman, a fine fielder, being able to fill any of the in or out field

positions in a very creditable manner, and is a clever base runner.

PAVING BLOCKS GO TO FILL A CELLAR.

SOUTH MAIN STREET PILES DISAPPEAR AT NIGHT.

Workmen Short of Material This Morning When Fifield Brothers Thought the Supply Furnished Yesterday Afternoon Was Ample—W. H. Graves Explains Satisfactorily.

It looks as if the city would save money if it glued down the blocks of which the Main street pavement is composed. If things get any worse the whole pavement will be ripped up some night and carted off for stove wood.

The pavers on the south half of the street ran out of blocks this morning and Fifield Brothers thought it rather strange. The distance covered with blocks did not, in the opinion of the Fifields, account for all that had been furnished. They commenced an investigation and it was not many minutes before the leak was discovered. They found a large quantity stored in the cellar of one of the Main street stores.

"You will find paving blocks very expensive firewood," said Mr. Fifield to W. H. Graves, who occupies the store. "I thought they were condemned blocks," said he, "and thought I would take them off the street." Mr. Fifield could not see it that way and negotiations are now pending for a settlement.

BRIEF BITS OF HUMOR.

She Swore.
"Do you love me?" he whispered, in the pale, warm moonlight.
She collapsed upon his manly neck and, burying her head in the foliage, murmured her acquiescence.
"Swear!" he exclaimed, deeply agitated.
"Oh, Henry, I can't," she murmured.
"Swear!" he exclaimed, remorselessly, removing her cold form from its resting-place and holding her out at arms' length. "Swear, or—"
She shuddered violently and then, clasping his hand in an ecstasy of confidence, she whispered:
"Darn!"
They are one.—Minneapolis Journal.

Still of the Same Mind.

Mrs. Longwed—I don't care; once was the time when you thought the world of me. I remember when you used to say that nothing could improve me.

Mr. Longwed—Well, I still say that nothing could improve you. You are incorrigible.—Boston Transcript.

It Made a Difference.

Ethel—Have you noticed how much merrier Blanche has grown lately? She used to be so very quiet and reserved—hardly open her mouth. She's quite a different girl.

Maud—Yes, dear; she's got a new set of teeth, you know.—Tid-Bits.

Negative Comfort.

He—If you say "No" I shall kill myself. I cannot live without you.

She—Oh, very well, then. I will not say "No."

He—You will not? Oh, rapture!
"She—If you object to "No," I'll say "Never."—Arkansas Traveler.

Tired of Him.

It Didn't Work.

"John," said the poet's wife, "another of your poems has appeared."

"Well?" he replied.

"O, nothing; only I was thinking how well 'sonnet' rhymes with 'new bonnet.'"

"Yes, that's so; and so does 'stanza' rhyme with 'bonanza,' but it isn't one by a whole lot.—Indianapolis Journal.

SOME NOTABILITIES.

General Booth, commander-in-chief of the Salvation army, says that he never reads the newspapers.

The Suez canal company has voted an annual pension of 5,000 francs each to De Lesseps, thirteen children.

Ellen Terry's first husband was George Frederic Watts, the eminent and veteran royal Academician, still living, and past seventy.

Dr. John Contee Fairfax of Maryland, is the only English peer who is an American citizen. He has never taken his seat in the house of lords.

General Greeley believes, from the character of the icebergs which he has observed, that there exists at or near the North pole a large extent of ice covered land.

Sir George Williams, who founded the Young Men's Christian association, is a retail storekeeper. He is president of fully thirty religious and philanthropic societies, and a director in as many more.

Although Queen Victoria rules over an empire that embraces possessions in every part of the world she has never traveled outside of Europe, and even there her trips have been short ones to France, Holland, Germany and Italy only.

It is said that William Waldorf Astor has agreed to pay R. L. Stevenson \$14,250 for the novel the latter is now writing. The title of the novel is not yet announced, but its length will be about 110,000 words, and it will be published exclusively in the Pall Mall Gazette.

The departure of Thomas Nast, the cartoonist, to join the staff of the Pall Mall Gazette has aroused general interest in England as well as in America. Of late years Mr. Nast has lived obscurely in a suburban New Jersey village, and fortune has not been very kind to him.

Lord Rosebery had Mr. Gladstone's reference to him as "the man of the future" quoted at him by a Manchester orator, lately; when he returned thanks for the complimentary speech he observed, and doubtless with feeling, "I am beginning to think it is a great deal easier to be the man of the future than the man of the present."

Readers of "The Hoosier Schoolmaster" will remember Phillips, the champion speller of the Indiana school described therein. Phillips still lives in Vevay, Ind., Dr. Eggleston's old home, and will soon be seventy-three years old. The fame he got from the book has lasted to this day, and curious visitors to Vevay hunt him up.

William F. Dodge, who served for many years as one of the trustees, writes to the New York Tribune to say that neither Mr. Moody nor Mr. Sankey would ever take a cent from the royalty on "Gospel Hymns," which (royalty) was at first placed in the hands of trustees for distribution for charitable and religious purposes and is now divided between two seminaries.

FACT AND FANCY.

Mrs. Marks, aged almost 90 years, was baptized in the sea, near Rockland, Me., recently.

The average rate of dividend paid on railroad stock in the United States in 1892 was 2.11 per cent.

A seventy-year-old woman of New York, N. J., some time ago married a dapper youth of twenty-five. She thinks she needs but one thing more now to complete her happiness and that is a divorce.

A colored man of Vicksburg objected in vain to paying a license on each of his occupations. He makes mattresses and repairs furniture, shoes, and umbrellas, each constituting a separate license.

Casper Roseweg of New York, who had been unemployed for several months committed suicide the other day. He said that he would rather die than see his wife working over a tub to support the family.

The so-called raft spider is among the largest of the British species. It receives its name from the fact that it constructs a raft of dry leaves and rubbish, united by threads of silk, and thus pursues its prey on water.

A woman quack in New York who erases wrinkles and otherwise impedes the march of time has on exhibition in her rooms "a lady eighty years of age with one side of her face young while the other is very old and much wrinkled."

The Army and Navy Journal says that of the forty colonels of the regular army only eighteen are graduates of West Point; of the forty lieutenant colonels only eleven; of the seventy majors only thirteen, and of the 430 captains only 188.

Although Crisfield, Md., is probably the most important crab market in the world, there are many thousands of crabs shipped from other points on the peninsula between Delaware and Chesapeake bays. One concern in Kent county, Md., ships from 750 to 1,200 soft crabs per day.

There are differences in the family of John Pell of Chicago, not of a domestic nature, but the stature of Pell and his wife. He is seven feet one inch tall, while she stands four feet five inches. Their child is seven years old and weighs twice as much as his mother and is just as tall.

A Bostonian friend of mine has just had a most unpleasant experience. He has married a widow, and by some coincidence took her to the same hotel where she stopped with her first spouse. At the table she said to Charles, the bridegroom: "Will you kindly pass the butter, John?" A vision of "John," his predecessor, flitted before the bridegroom, who indignantly replied: "My name is not John! It is Charles." "Excuse my mistake Charles," she said, and then, tasting the butter, added, reflectively, "but it is the same butter."

THE BICYCLE AND THE BULL.

The Former Got Badly Rumbled and the Latter Broke His Neck.

A recent occurrence in the neighborhood of West Chester, Pa., adds two items to our stock of information says the Washington Post. The first item is that a bull can be infuriated by something besides a red rag, and the second is that a thoroughly infuriated bull can overtake the average bicycle. All of which is important. It seems that John Harsey of Baltimore, accompanied by two friends, was making a tour of the country on his bicycle. The party had evidently made encouraging progress, since they had got as far as West Chester, which must be nearly ninety miles from Baltimore. Furthermore they had done this without any hostile demonstration on the part of the inhabitants. Nobody seems to have shot at them or even thrown stones or bad language at them. The heavy phlegmatic temperament of the Pennsylvania Dutch had borne the invasion with equanimity, and the invaders had every reason to suppose that they would reach Philadelphia without provoking any great popular outburst of resentment.

While passing along a road in East Goshen township, however, the bicycle attracted the attention of a bull. The bull apparently was not phlegmatic. He seems, on the contrary, to have been a hot-headed, impulsive bull, and the sight of the three Baltimore gentlemen on wheels goaded him to fury. Probably they said something offensive to him. Probably they had red faces or displayed sanguine temperaments, or laughed ironically as they went by. This is as may be. But the bull pawed one paw, bellowed one bellow, and took after them. It is more than likely that John Harsey thought it rather a joke to be pursued by a lumbering brute like a bull, and told himself that he would astonish that besotted animal before he got through with him. The average bicyclist is a haughty person, and his pitying scorn of things that go on legs is as profound as it is genuine. Mr. Harsey had not gone very far, however, before he realized that the bull just astern of him was a quadruped of great activity and bottom. In fact, to make a long story short, the bull caught Mr. Harsey, tore his bicycle all to pieces, tossed the gentleman himself about with great enthusiasm and finally, in an effort to erase Mr. Harsey entirely from the equation, fell down and broke his own neck. Mr. Harsey was collected by his friends and carried piecemeal to the hospital. The bull was, we suppose, turned over to the butcher, and so the incident closed.

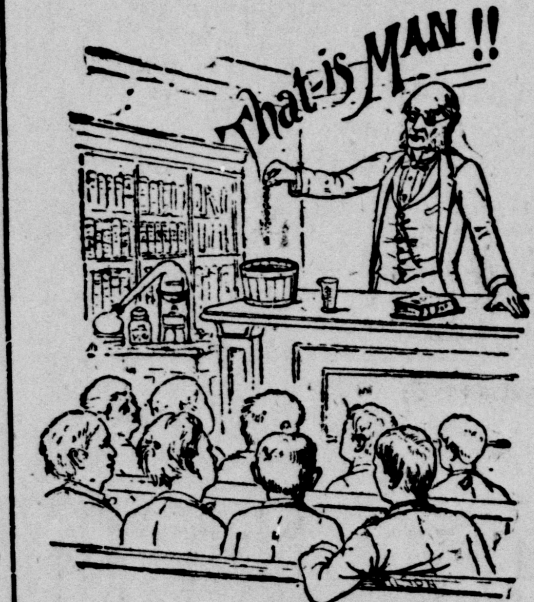

Mrs. Mary A. Tupper has been released, at Wilton, Me., from the custody of extreme Female Weakness, which kept her a prisoner in bed unable to walk. Lydia E. Pinkham's Vegetable Compound made the change. She advises all sick women to take this valuable medicine, and be thankful for their lives, as she is for hers. It costs only a dollar at any druggists, and the result is worth millions.

REV. FATHER CLARK, Sec'y to the Rt. Rev. Bishop of Columbus, Ohio, writes:

GENTLEMEN:—I cannot say enough for your Powder. It has cured me of an aggravated attack of catarrh when nothing else could help me. Am delighted with it. All my friends to whom I administered samples are quite enthusiastic over it. The good states speak most encouragingly of their use of it in the hospital under their care. I will do anything to speak a good word for the remedy to help others who are suffering.

M. F. FERGUSON, Custodian U. S. Appraiser's Stores, Chicago, writes:

GENTLEMEN:—I have almost entirely deaf for a number of years past and getting no relief from many so-called cures which I tried, was induced by a friend to try Dr. Birney's Catarrh Powder for my catarrh. Have recovered my hearing entirely, so that I can now hear a watch tick plainly, it being held inches from my ear. I look upon it as a positive cure. I am glad and have recommended its use to many of my friends and can say I have never heard of a case where it has failed to relieve.
